alisoli8@gmail.com

Innovative and detail-oriented UI/UX Web Developer & Designer with extensive experience in designing, prototyping, and developing user-centric web applications and dashboards. Proficient in leveraging frameworks like Angular, React, and Vue to create seamless, data-driven interfaces. Skilled in user research, wireframing, prototyping, and collaborating with cross-functional teams to deliver end-to-end solutions that align with user and business goals. Adept at managing multiple design projects, gathering client feedback, and integrating it into actionable design decisions.

PROFESSIONAL EXPERIENCES

LUCIDWORKS

UI/UX Designer and Developer

San Francisco, CA

2016-2025

- Spearheaded the design and development of user interfaces for internal search web applications using Angular and React, serving high-profile clients such as Exxon, Morgan Stanley, and Honda.
- Orchestrated the redesign of 50+ search applications, dashboards, and analytics tools, optimizing user experience and functionality across multiple environments.
- Collaborated with data engineers to create data-driven UI/UX dashboards, enhancing client decision-making capabilities.
- Implemented user testing protocols, gathered feedback, and iterated on designs to streamline usability and meet client objectives.

CIVIC RESOURCE GROUP

UI/UX Designer and Developer

Los Angeles, CA

2015-2016

- Led user research and prototyping for government projects, such as LA Health Care and 511.org, resulting in a 45% improvement in user satisfaction scores.
- Collaborated with developers to transform designs into functional websites using AngularJS, delivering intuitive and user-friendly interfaces.
- Communicated design outcomes and gathered feedback from user testing to refine and improve user interfaces.

IBRAND LLC

UI/UX Designer and Developer

Los Angeles, CA

2013-2015

- Designed and developed high-converting landing pages for affiliate programs using HTML, CSS, and JavaScript, ensuring responsive and visually appealing layouts.
- Delivered high-quality work in a fast-paced environment, meeting tight deadlines for time-sensitive projects.
- Innovated design solutions that drove user engagement and increased conversion rates for affiliate campaigns.

ANER GROUP

UI/UX Designer and Developer

Los Angeles, CA

2012-2013

- Conducted user research and developed mockups for admin dashboards and forms tailored to specific user groups, including doctors and pharmaceutical professionals.
- Ensured designs met the needs of targeted communities through iterative testing and feedback, streamlining workflows and improving user satisfaction.

ART INSTITUTE OF LOS ANGELES

Bachelor of Science in Web Design and Interactive Media

Los Angeles

2009-2012
